

Weekly Newsletter 12th May 2023

HORN PARK
PRIMARY SCHOOL

Dear Parents/Carers,

Following The King's Coronation bank holiday, another week has passed at Horn Park with lots to celebrate.

Throughout the week, Year 6 have completed their SATs. We have been incredibly proud of how the children have displayed the school values of resilience and positivity in every single test, demonstrating all the knowledge and skills they have developed not just this year, but throughout their time in Key Stage 2. The year group is looking forward to their school journey next week at Bryntysilio Outdoor Education Centre.

The [school's twitter page](#) has been full of wonderful science learning this week. Year 3 have set up an experiment to learn about how plants drink water whilst Year 2 have planted seeds and bulbs, discussing the difference between them as well as what they need to grow healthily.

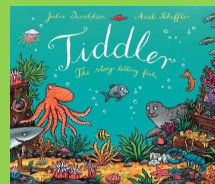

Our catering company Chartwells have partnered with The Bumblebee Conservation Trust and are running a poster competition next week (please see the attachment with this newsletter and entries are to be submitted no later than Thursday 18th May). Chartwells would really like to hear your views on the current school meals, please see the attachment for the online survey.

On Wednesday 17th May at 9am, we will be holding a parent workshop, 'Understanding Child Anxiety and Stress'. This is a follow-up to the presentation that was held earlier this month, and everyone is welcome. The purpose of the workshop is to offer personalised, practical strategies and advice to support you with your child if they are experiencing episodes of stress or anxiety. There will be a second follow-up workshop on Wednesday 24th May at 9am to review the personalised advice given during the first workshop and offer further support. If you require any further information, please speak with Miss Waite. To register, follow this [link](#).

Have a lovely weekend,

Zoe Crosland and Jack Green

BOOK RECOMMENDATION

This half term, Cherries are reading stories related to our topic 'Under the Sea'. One of our favourite stories is **'Tiddler' by our focus author Julia Donaldson**. This story is about Tiddler the tiny fish, who everyday would dream up tall tales to tell his classmates why he was always late for school. Until one day his day dreaming got him lost and caught up in his very own tale; but luckily his tales help him find his way back home. We enjoyed reading this story because there are many different sea creatures throughout the story that we also have been using non-fiction books to learn facts about before visiting the Horniman Aquarium soon.

NOTICES

[Year 6 School Journey:](#)

Monday 15th –19th May
